It was great to receive feedback on homework, but there was no chance given to do work over to receive a higher grade, we should we should be given another chance!
(Besides that, he was a great professor)

This course, and the instructor are by far the best and most interesting class I have ever taken in all my college experience. It ~~has~~ contributed greatly to a ~~much~~ better understanding of a number of subjects for me, and I would recommend it to anyone.

The course was okay but instead of two exams for the semester, a 3rd one should be added. If you do well on the 1st exam & horrible on the 2nd you feel as if your grade is on a see-saw.

Prof. David is the best professor I have known. If he could teach all the courses I would need to fulfil my major, I think I would graduate a better person and an outstanding adult.

Thank you so much... you made a difference.

Professor Morrow is methodical, organized and concise. He is patient, thorough, and thoroughly explains misunderstood material. Overall, I ~~thought~~ think him to be one of the better professors I've had at Hunter.
